

STATE GASPING AT DISCLOSURE

Insurance Commissioner Host Names Secretary Of State Houser In Testimony.

TWO THOUSAND DOLLARS WAS BID

State Officer Acted As Agent For The Equitable In The Boodle Attempt, And The Commission Is Given Facts.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., May 17.—The testimony of Zeno M. Host, Wisconsin commissioner of insurance, before the legislative committee investigating life insurance methods, which testimony involves substantially the charge that Secretary of State Houser was the go-between or messenger of the Equitable Life Assurance society of New York in offering to buy a favorable decision in the surplus distribution case in exchange for a contribution of \$2,000 to the La Follette ticket, has caused a great sensation at the state capitol and will doubtless be of large effect in Wisconsin state politics. Secretary of State Houser denies that he mentioned the money payment part, but admits having some connection with the request of the life insurance company for a favorable decision and admits that he handed to Commissioner Host a copy of the decision that the company wanted the commissioner to make.

in legislation against the old line, deferred dividend insurance companies and perhaps secretly worked against the insurance bills of Commissioner Host in the legislature. The other reason mentioned is that the faction thought Commissioner Host's office a gold mine to be mined upon without limit for campaign contributions. It cost Commissioner Host over \$4,000 to secure the nomination for his second term, as shown by his required sworn statement of expenses.

Lenroot's Backers
The La Follette leaders, particularly the present senator himself, are in favor of the gubernatorial candidacy of Speaker I. L. Lenroot and against a nomination for Governor Davidson. There is no reason to question the current belief that Secretary of State Houser, who seeks a nomination for a third term, is allied with the La Follette-Lenroot bunch. In due time the charge will be made that Speaker Lenroot was appointed an assistant anti-railroad attorney for the state, by Governor La Follette and with the knowledge of Secretary of State Houser, and that the appointment of Len-

HISTORIC BOSTON CHURCH IS DOOMED

From This Religious Center John Cotton And Fellow Puritans Went To Found Boston.

[SPECIAL TO THE GAZETTE.]
London, May 17.—Experts who have examined the historic parish church at Boston, Lincolnshire, report that the structure is in a state of advanced decay and must be torn down or practically rebuilt. It was from this church that John Cotton and his fellow Puritans went out and founded Boston, in the new colony of Massachusetts. A monument to Cotton was a few years ago placed by Americans in the historic chapel.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., May 17.—The Norwegians of this section have completed elaborate preparations for the banquet to be given at the Hotel Pfister tonight in celebration of the anniversary of Norwegian independence. Among the scheduled speakers are Prof. Julius E. Olson of the University of Wisconsin, Rev. Gustav Stearns of Milwaukee, A. L. Hogen of Manitowish and H. C. Peterson of Superior.

"SOBERED MAN UP," FINED FOR ASSAULT

Fort Atkinson Saloon Proprietor Pays Eighty Dollars for Burning Intoxicated Man With Hot Coin.

[SPECIAL TO THE GAZETTE.]
Fort Atkinson, May 17.—In Judge Wigdale's court yesterday was heard the case of Franz Wegner vs. Ernest Schlichting, for assault and battery, alleged to have been committed by the latter in his saloon known as "The Farmers' Home" sometime in February. It was claimed by Wegner that while in an intoxicated condition he was severely burned by Schlichting by placing a hot coin upon his body in an effort to draw him out of his intoxication. A number of witnesses appeared for each side. The jury found Schlichting guilty and he was fined \$80 and costs. He will appeal the case. C. B. Rogers of this city appeared for the state and Attorney Wood of Milwaukee acted as counsel for the defendant.

ANOTHER DAY WITH THE PRESBYTERIANS

Colored General Assembly Of Cumberland Church Meeting At Waco, Texas.

[SPECIAL TO THE GAZETTE.]
Waco, Texas, May 17.—The general assembly of the Cumberland Presbyterian church (colored) met in this city today and began a five-day session. The gathering was called to order by the retiring moderator, Rev. James Edwards of Huntington, Tenn. The several hundred delegates present represent various parts of Tennessee, Texas, Alabama, Missouri, Kentucky, Arkansas, Louisiana, Indian Territory and Oklahoma.

Cumberland Presbyterians.
Decatur, Ill., May 17.—The seventy-sixth annual general assembly of the Cumberland Presbyterian church began here today with a large attendance. The assembly will be in session eight days and it is expected the plans for union with the Presbyterian church will be the principal matter of business.

In Session At Des Moines.
Des Moines, Ia., May 17.—When the 118th general assembly of the Presbyterian church opened this morning one thousand people filled the Central Presbyterian church. The interior of the sanctuary was rendered additionally attractive by a wealth of national flags draped and festooned about the pulpit and galleries. There was also a profusion of rare plants and native flowers. Following devotional exercises the opening sermon was delivered by the retiring moderator, Rev. James D. Moffat, president of Washington and Jefferson college. The sermon was listened to with rapt attention from first to last. The election of a successor to Moderator Moffat is expected to occupy the entire afternoon, after the disposal of some routine business. There are no fewer than half a dozen prominent candidates and the presentation of their names is expected to call forth a flood of ecclesiastical oratory.

Presbyterian Church South.
Greenville, S. C., May 17.—The forty-sixth general assembly of the Presbyterian church in the United States (South) convened in the First church in this city at eleven o'clock this morning. The opening sermon was delivered by the retiring moderator, Rev. J. T. Plunkett, D. D., of Augusta. After the sermon he called the assembly to order and the roll of commissioners was called. At the same hour the assembly of the Northern Presbyterian church opened at Des Moines, and as has been the custom for years, one of the orders of business was to send telegrams of greeting from one to the other. Before adjourning for the day a new moderator will be chosen by the assembly. Announcement of some of the more important committees is looked for tomorrow.

TILTING IN TUDOR TIMES MANEUVERS

Royal Military And Naval Tournament Opened At Olympia, England, Today.

[SPECIAL TO THE GAZETTE.]
London, May 17.—"Tilting in Tudor Times" is the title of this year's royal military and naval tournament, which opened at Olympia today, to continue two weeks. Preparations for the tournament have been going forward for nearly a year and the result is one of the most picturesque spectacles ever given in England. As the title indicates, it is nothing more nor less than a revival of the military sport of the middle ages in which armor-clad knights on horseback, equipped with long lances, engaged in fierce tilting combats. The contestants are the picked riders and swordsmen from the crack cavalry regiments of the British army. Another striking feature of the tournament is to be a series of great military tattoos.

HOUSTON MAY BUY CITY WATER WORKS

Texas City Holding Special Election To Decide On Expenditure Of \$901,700.

[SPECIAL TO THE GAZETTE.]
Houston, Texas, May 17.—Houston is holding a special election today to determine whether the city shall purchase the present plant of the water company for \$901,700. If the referendum is favorable, as is regarded probable, a second election will be held to vote bonds to raise money necessary for the purpose.

NINETEEN THOUSAND EMPTIED INTO CITY

North-Western Road Paid That Amount For Work During The Past Month.

Yesterday and the day before were pay days on the North-Western road and about nineteen thousand dollars was distributed among the employees who made Janesville their headquarters. The train crews were paid on the fifteenth and all other workers, including the passenger station, freight house, roundhouse and yard employees and section men, received their checks yesterday. The greater amount of this will be put in circulation here, as all paid yesterday reside here and all paid the day before spend the greater part of their time in Janesville. During the past year the company paid to Bower city people some \$234,400 in wages. This the average monthly pay roll is \$19,200. This figure varies above and below, from month to month according to the amount of work that is being done.

MORMON CHURCH DECIDES TO SELL PROPERTY AND GET OUT OF BUSINESS

Church Affairs To Be Entirely Divorced From Business Affairs, Say Head Moguls.

[BY ASSOCIATED PRESS.]

Salt Lake City, Utah, May 17.—The Mormon church is going out of business, according to a local paper. Its principal holding in Salt Lake City, the Light and Railway company, is to be taken over by a twenty-five million-dollar corporation composed of the English and American capitalists. The new company will also acquire the Ogden Street railway and build an electric line from Juab county, Utah, to Onida county, Idaho. The simultaneous announcement is made that the Salt Lake and Los Angeles railway, another church property, has been sold to a local syndicate for a half million dollars. President Joseph F. Smith of the Mormon church is quoted as saying he would divorce religion from business and that it is made on account of the fact the Mormons whom the church sought to protect years ago no longer need protection of the church in business affairs.

BAILEY CONTINUES DEBATE IN THE LETTER INCIDENT

[BY ASSOCIATED PRESS.]

Washington, May 17.—Senator Bailey in the senate today revived the scene of yesterday by having read a letter he had written to ex-Senator Chandler asking him for anything he had written the President concerning himself and the replies from Chandler, including a copy of Chandler's diary, giving the history of his movements on the day when certain memoranda were sent to the President or some one near him.

BAILEY ANSWERED TODAY BY RAYMOND IN TRIBUNE IN A TELLING MANNER

Chicago Tribune Correspondent Makes Bold Statements Against The Texas Senator.

[SPECIAL TO THE GAZETTE.]

Chicago, May 17.—The Tribune this morning published the following from "Raymond," its Washington correspondent, in answer to the attack made in the senate yesterday upon his veracity by Senator Bailey of Texas:

"Washington, May 16.—When the Hon. Joseph W. Bailey, senator from Texas, struck at the President of the United States over my humble shoulders, for that is all he did on the floor of the senate today, he apparently was unaware that there was documentary evidence in existence both in the official Congressional Record and in the form of written memoranda by former Senator William C. Chandler, absolutely proving that he was an object of suspicion to the real friends of the President's railroad policy.

"This is not to say that Mr. Bailey deserved the suspicion, but that his motives and his acts in the democratic conferences, in the democratic caucuses, on the floor of the senate, and in conference between Tillman and Moody and through Mr. Chandler with the President, gave rise to the suspicion that he was not true to the principle of railroad rate regulation is clear from the record itself and cannot be successfully denied.

"Mr. Bailey may be as innocent as a babe unborn, and he says he is, but the suspicions did exist, they have existed for weeks, they have been talked of in the cloakrooms of the senate, on the streets, at the White House, and elsewhere. They have been mentioned in many newspapers, and if they have not been justified, Mr. Bailey is unfortunate and his character should be relieved from aspersions.

"First of all, let me quote William

KING ALFONSO TWENTY AND PREPARING TO WED

Madrid Busied With Arrangements For Marital Ceremony Honors Birthday Less Elaborately.

[SPECIAL TO THE GAZETTE.]

Madrid, May 17.—Today was the twentieth birthday of King Alfonso and the anniversary was celebrated in the customary manner in Madrid and throughout the kingdom. A few weeks hence the youthful monarch is to wed Princess Ena of Battenberg, on which occasion the festivities will be on a scale of great magnificence. In view of the near approach of this event today's celebration was of a milder character than it otherwise would have been. At present all Madrid is busily engaged in preparing for the popular festivities that will attend the royal wedding.

Unless some untoward event occurs, King Alfonso's wedding will go down in history as one of the most brilliant, gorgeous, splendid and hospitable in the annals of pageant-loving Spain. Already every effort on the part of those responsible for the ceremonial management of the court are hard at work preparing for the great week. In view of the nation's history during the past decade there is a special incentive to make the event as grand and spectacular as possible in order to show by example that the ancient splendor of Spain is not yet to be numbered among the things of the past.

SECRETARY OF STATE HOUSER

er declare that the exposure of anything concerning those matters is a violation of faith on the part of the commissioner of insurance, and they also declare that while the campaign of 1904 was so strenuous and the La Follette faction was hard pressed for campaign money that it was necessary to "try fat," there, nevertheless, was no such palpable bribery negotiations as the commissioner of insurance indicates in his sworn testimony before the investigating committee. Friends of Commissioner Host, who are generally lined up at present in favor of Governor Davidson in his campaign for the gubernatorial nomination, expect that the ex-La Follette-Lenroot-Houser combination will "blow Houser and his third term ship out of the water." Stalwarts who are opposed to the entire La Follette faction in Wisconsin, take the incident as vindication and say things about "when thieves fall out" and "there's your holler than thou, half-breed crowd."

Very Important
The incident has shown that there was much truth in the statement recently made in this correspondence that the La Follette republican faction in Wisconsin had divided within itself, and the prediction that the dominant faction would shortly become two factions in which a new Wisconsin political fight would be waged. This fact gives to the present sensational exposure many unusual features of interest. Insurance Commissioner Host is strongly in favor of the nomination of Governor Davidson, and has been ever since Mr. Davidson as lieutenant governor, cast the deciding vote in the senate in favor of the passage of Commissioner Host's surplus distribution bill. More Mr. Purcell is opposed for the nomination for insurance commissioner by somewhat out of joint with the leaders in the La Follette faction. Two reasons are stated for this. One is that he had reason to be suspicious that the leaders were not disposed to work much of any unpleasantness combination.

AMERICAN SHIPS
GO TO JAPANESESTARS AND STRIPES DISAPPEAR
FROM PACIFIC.

IMPORTANT LINES BOUGHT

Sea-Going Vessels Between Asia and
America Have Proved Poor
Investments.

(By William Wolf Smith.)
 Washington, D. C., May 15.—(Special
 correspondence.)—That Japan is
 striving to eliminate the American
 flag from the Pacific is an open se-
 cret, and the next sixty days will prob-
 ably determine whether she will be
 successful or not. No fault is found
 with the Oriental Yankers for their
 perseverance in this direction for it
 has long been known by the ship-
 ping interests of the United States
 that they were playing their last
 string and if not aided quickly the
 scattered remnants of our once power-
 ful merchant marine would pass into
 other hands. All things considered,
 Japan, the coming nation of the Ori-
 ent, is the one to which our ships on
 the Pacific should go and as some
 one is to get them, Americans will
 feel pleased that it is to be the Jap-
 anese. Of course there is more or less
 concern at the army and navy depart-
 ments over the possibility of trouble
 with Japan some day over our Ori-
 ental policy or over the Philippines.
 In that case, Japan having the ships,
 we would be at a decided disadvan-
 tage, for we would have no way to
 transport our troops or supplies to
 the Philippines. However, many re-
 gard this possibility with satisfaction,
 believing the Philippines the burden
 and the quick Japan relieves us of
 them by purchase or force, the better
 it will be for the country. With the
 large merchant fleet she has already
 accumulated, and the American ves-
 sels which she is about to purchase,
 Japan will be able to land her troops
 and supplies in the Philippines on
 short notice. As America will have
 no merchant ships on the Pacific coast
 except those engaged in the coastwise
 trade, this country will be seriously
 handicapped to say the least.

Nation Little Concerned.

The possibility of such an outcome
 is, however, causing little concern
 throughout the country for many peo-
 ple think that if we have no merchant
 marine we are less likely to get in-
 trouble abroad and will be compelled
 to stay at home and mind our own
 business, leaving other nations to
 trade with us and do our carrying
 trade or not, as they please. Still
 others would prefer that the Ameri-
 can merchant flag should disappear
 from the high seas rather than as-
 sistance should be given to the mer-
 chant marine from the treasury of
 the United States. All these regard
 with satisfaction the apparent fail-
 ure of the friends of the ship subsidy
 bill to make any progress in the
 House. Congress will shortly ad-
 journ and, as it is the intention of
 the shipping interests to abandon the
 contest and either sell their vessels or
 dismantle them in case the bill is not
 passed at this session, the fate of our
 merchant marine will soon be deter-
 mined.

Are Now Buying Vessels.

It is understood on high authority
 that Japanese agents are now in the
 United States completing the negotia-
 tions for our vessels on the Pacific.
 Consul General Wilbur of Singapore,
 reports that the chairman of the
 board of directors of the Toyo Kisen
 Kaisha, the Japanese steamship com-
 pany, has been informed that the Lon-
 don bankers of the company have suc-
 ceeded in placing the whole issue of
 bonds amounting to twenty million
 yen in the London market, for the
 money necessary to purchase the fleet
 now belonging to the Pacific Mail
 Steamship Company and sailing under
 the American flag. The bonds are
 for twenty years and bear five per
 cent interest. They were float-
 ed at 93. The Nippon
 Yusen Kaisha, another Japanese line,
 is reported to have just concluded
 negotiations for the purchase of the
 new steamers Dakota and Minnesota
 from the Great Northern Steamship
 Company and of the Shawmut and
 Tremont from the Northern Pacific
 Steamship Company. It was learned
 today that the agents of the Japanese
 have recently been in St. Paul, neg-
 otiating with Mr. J. J. Hill, president
 of the Great Northern Railroad Co., and
 that the terms of the purchase of the
 Dakota and Minnesota have been
 practically agreed upon. These are the
 largest merchant vessels ever built in
 this country. For their construction
 Mr. Hill built a shipyard at New Lon-
 don, Conn. Since they were launched
 the yard has been practically idle and
 as Mr. Hill sees no future for the mer-
 chant marine, it will probably be dis-
 mantled when the vessels are sold.

Have Many Options.

The Japanese also have an option
 on the steamers of the American fast
 line now plying between San Francisco
 and Australia. The earthquake has
 further crippled the business of this
 line already in difficulties and the
 latest information is that it will aban-
 don the route.

THE STOLEN HORSE.

An Old Proverb—With a New Appli-
cation.

The woods are full of "so-called"
 remedies for Baldness.
 You may call anything in creation
 a remedy, but to use them is like
 locking the stable after the horse is
 stolen.
 Baldness and Dandruff are caused
 by a germ—if you don't kill the germ
 the germ will kill the hair.
 Scientists have labored with the
 problem of a preventive for Bald-
 ness for many years.
 Nowhere's Herpicide is the product
 of a modern idea, and will cure Dand-
 ruff and prevent Baldness because
 germs cannot exist when you apply
 Herpicide.
 Herpicide is a valuable hair dress-
 ing and scalp disinfectant as well as
 a cure for Dandruff.

don't service. The Japanese on-
 der becomes effective. It is under-
 stood, if congress adjourns without
 passing the ship subsidy bill. These
 steamers are the fastest going to Aus-
 tralia and our trade with that country
 has more than doubled since the ser-
 vice was inaugurated. It is understood
 that Japan will place them in service
 between Yokohama and England.
 Whether the Japanese will conduct a
 line between San Francisco and Aus-
 tralia or not, is not known but it is
 thought likely it may do so as there
 is considerable carrying trade between
 these points and the United States
 will have no line of its own. It is
 therefore thought probable that some
 of the British tramp steamers acquired
 by the Japanese lines, will be over-
 hauled and a monthly service will be
 given between Australia and San Fran-
 cisco. The Minnesota and Dakota,
 will most likely, according to reports
 from United States Consular officers,
 be placed in the South American-
 Japanese trade, which Japan is strenu-
 ously cultivating and replaced by the
 smaller and slower vessels now in that
 trade. Just what disposition will be
 made of the Pacific Mail steamers is
 not definitely known as yet, although
 it is known that so certain are the
 Japanese of securing these vessels
 that they have the lines all mapped
 out and will inaugurate the service as
 soon as the transfer of the vessels is
 completed. The acquisition of these
 American steamers is a part of the
 scheme of the great Anglo-Japanese
 combine recently launched with a
 capital of one million yen.

Growth of Ship Shipping.

The rapidly with which the Jap-
 anese have moved in this matter has
 commanded the admiration of all com-
 mercial nations. Although having
 cheap labor for their ships and ship-
 yards, the government has heavily
 subsidized both the yards and the
 ships. In two months last year be-
 tween thirty-five and forty vessels
 were purchased, in England and in
 thirteen years the Japanese tonnage
 has risen from 180,000 to 950,000
 the Nippon Yusen Kaisha fleet alone
 having 75 vessels aggregating 260,000
 tons. The fleet of the Union of Steam-
 ship Owners includes 171 vessels of
 213,000 tons. In 1905 the Mitsui Bishi
 Dockyard and Engine Works, at
 Nagasaki, employed seven thousand
 men throughout the year. Consul
 Charles B. Harris, at Nagasaki, has
 called the attention of the Department
 of Commerce and Labor to the fact
 that these yards are "thoroughly pro-
 gressive and up to date" and there is
 a chance for Americans to sell them
 large quantities of goods.

One fact in connection with the
 abandonment of our merchant marine
 on the Pacific, is giving the friends
 of American shipping much grati-
 fication. The American Federation
 of Labor was brought in line against
 the ship subsidy bill by the Sailors
 and Longshore Men's Union of the
 Pacific Coast. When Japan gets our
 ships she will man them with Chinese
 and Japanese and the members of the
 unions will be out of employment ex-
 cept in the coastwise trade.

EATS BUT FOUR DOZENS
WORTH OF FOOD A MONTH.

Can a man live respectively on four
 dollars' worth of food a month? The
 average person would say "no." But
 there is a man living in Washington
 and seventy-four years old at that,
 too, who spends less than that amount
 on eatables in one month, and he is
 hale and hearty and shows no ill ef-
 fects of his somewhat limited diet.
 Not only has he practiced this method
 for one month, but has stuck it out
 for seven long years. The man in
 question is A. W. Riley, a veteran
 employee of the Treasury Department,
 and he performs his duties in the
 office of the Auditor for the War De-
 partment with entire satisfaction to
 his superiors. Mr. Riley made this
 resolution twenty years ago, but did
 not live up to it until within eight
 years ago, since which time he has
 not wavered in his determination to eat
 less. Not that he cannot afford to
 live better, for he draws a salary of
 \$1,200 a year, but because he believes
 it is better for his health to cut down
 his eating propensities. Mr. Riley is
 well preserved, measuring five feet
 five inches in height and weighing
 about 125 pounds. He has a full grey
 beard, a kindly face and bright blue
 eyes, and is of Revolutionary descent.
 Mr. Riley cooks his own meals, and
 the following is a list of the articles
 of food he consumed in the month of
 March last: 5 cents; apples 10
 cents; fish 15 cents; bread 41 cents;
 cake 50 cents; pie 20 cents; pretzels
 5 cents; milk 20 cents; butter 50
 cents; cheese 6 cents; bananas 5
 cents; apples 35 cents; onions 5 cents;
 nuts 15 cents; lunches 60 cents; eggs
 46 cents; sugar 12 cents; tea 10 cents,
 a total of \$3.51. As an attest of his
 good health, physically and mentally,
 it may be said that Mr. Riley in the
 course of his day's duties at the
 Treasury Department, walks from five
 to ten miles, and only recently he
 "footed" it from Washington to the
 Great Falls of the Potomac and back,
 a distance of 24 miles, in a course of
 an afternoon's stroll.

TREASURY DECISIONS' IS
IMPORTANT PUBLICATION.

One of the most important less-
 heard-of publications issued by the
 United States government is that en-
 titled "Treasury Decisions." This
 publication is gotten out by the
 Printing Division of the Treasury De-
 partment, under the supervision of a
 capable force, and is published promp-
 tly at 12 o'clock noon on Thursday of
 each week. This document usually
 runs from thirty to sixty pages, and
 contains matter of unusual interest
 to the business interests of the coun-
 try, such as decisions of the Secretary
 of the Treasury and other officers of
 the department affecting the customs
 service, the rulings of the internal
 revenue bureau on whiskey and to-
 bacco cases, abstracts of decisions of
 customs and other cases by courts and
 the Board of General Appraisers in
 New York, and a mass of other mat-
 ter of interest to business men. These
 decisions often represent many mil-
 lions of dollars, and the least slip-up
 in figures on the part of those prepar-
 ing this publication causes much
 trouble. An instance may be cited.
 In one of the decisions not long ago
 the copy read "washed wool" instead
 of "unwashed wool." When the deci-

sions reached the hands of those in-
 terested there immediately came a
 flood of letters to the department,
 estimated at the hundreds, question-
 ing the decision. The mistake was im-
 mediately observed and the necessary
 correction made. Prior to 1895 this
 publication was issued once a month
 and sometimes not then, it being got-
 ten out almost at any convenient
 time. Secretary of the Treasury
 Gage realized the importance of these
 decisions to the business world and
 was instrumental in having the docu-
 ment issued every week, which is now
 done.

TEMPERATURE WAS
VERY CHANGEABLE

Weather bulletin from United
 States Department of Agriculture for
 Wisconsin Section during the week
 ending May 14.—The weather during
 the past week was very changeable,
 and the week was remarkable for its
 extreme range in temperature. Mon-
 day, the 7th of May, was generally
 partly cloudy and rather cool until
 late in the afternoon when it became
 cloudy and somewhat warmer. On
 Tuesday morning a storm was central
 over the southern part of the state,
 and rain mixed with snow was falling
 in all sections. The snowfall was
 moderately heavy at several stations,
 but did not remain long on the ground.
 The temperature fell rapidly during
 Tuesday night and heavy and killing
 frosts occurred in all parts of the
 state on Wednesday morning. Ice
 formed on the water in the more ex-
 posed localities.

can rise slowly in the western part
 of the state on Wednesday afternoon
 and it rose rather slowly in all sec-
 tions on Thursday and Friday and
 rapidly on Saturday until the after-
 noon, when it reached 80 degrees.
 During the above period the weather was
 generally clear to partly cloudy. Heavy
 frosts were reported in the northern
 part of the state on Thursday morn-
 ing and light frost on a few exposed
 places on Friday morning. During
 Saturday afternoon and at night
 showers occurred in the southern
 half of the state, and the tem-
 perature fell rapidly Saturday
 night and Sunday, becoming about
 normal by Monday morning. The
 weather was partly cloudy Sunday
 with rain in the southern section. A
 heavy thunderstorm occurred in the
 extreme southeast portion early Mon-
 day morning. The mean temperature
 for the state averaged about three
 degrees below normal. The total pre-
 cipitation for the week was decidedly
 in excess of the normal in the south-
 ern half of the state, but in the north-
 ern half it was generally very light
 and much below the normal.

UNIONS OF THREE
CITIES IN LEAGUEKnown as "Interstate Trades and La-
bor Assembly"—Janesville to Be
Invited to Join.

Representatives from the labor or-
 ganizations of Beloit, Rockford, and
 Freeport have united in the forma-
 tion of what is termed the "Interstate
 Trades and Labor Assembly," an as-
 sociation which is to take up and
 pass upon matters of common inter-
 est to the various bodies of workmen
 represented. At a meeting held
 in Rockford, Beloit unions were
 represented by C. E. Baunche, S. A. Hub-
 bard, and C. H. Conger; Freeport, by
 E. J. Glenn, W. E. Zimmerman, and
 Geo. W. Dippell; Rockford, by J. A.
 Getts, J. S. Higgins, and William
 Peters. A committee to prepare a
 constitution and by-laws was appointed
 and it was decided to hold the
 next meeting at Beloit on June 10.
 Janesville and other cities of South-
 ern Wisconsin as well as northern
 Illinois will be asked to affiliate with
 the body. The meetings are to be
 held in rotation in the various places
 where the unions are affiliated.

AND NOW IT'S CHICO CIGARS

Interesting Talk by Smith Drug Co.
 on What Makes a Cigar Popular.
 The remarkable success of Wads-
 worth Bros' Chico cigar in getting in-
 to the mouths of smokers in Janesville
 is astonishing.
 Less than a year ago the Chico was
 unknown here. Today it is the most
 popular cigar in Smith Drug Co.'s
 large stock.
 "Advertising alone will not make
 a cigar popular," said Mr. Smith. "A
 cigar must be good to meet with a
 sale in this city. I do not know of a
 town where the smokers are as dis-
 criminating as they are in Janesville,
 and the fact that they have made
 Wadsworth Bros' Chico their favor-
 ite, speaks volumes for its quality.
 While it sells for 5c, it is better than
 the average ten cent, so that it
 reaches all classes of smokers. It is
 an all long Havana filler cigar, and a
 good one, that I am glad to recom-
 mend to my customers."

LAST IN A SERIES
OF DANCE PARTIESOdd Fellows and Their Ladies Trip-
ped the Light Fantastic Last
Evening.

Despite the fact that last evening
 was probably the warmest night thus
 far this year about thirty couples at-
 tended a dancing party in East Side
 Odd Fellows' hall. The party was
 given by Wisconsin Lodge Number
 14, I. O. O. F., and the guests were
 members of the order from several
 lodges and a few friends. Inspiring
 music was furnished by Kellogg's
 orchestra. The affair was the last of
 a series of the monthly dances given
 during the past winter.

 and has quickened the time of others
 so that four trains each day traverse
 the distance (85 miles) in one hour
 and forty-five minutes.

The Chicago, Milwaukee & St. Paul
 road has issued an artistic booklet
 for the annual meeting of the Federa-
 tion of Women's Clubs to be held in
 St. Paul May 30 to June 7. The title
 page is in embossed gold, and bears
 a picture of the "Pioneer Limited"
 crossing the Short Line bridge over
 the Mississippi river between St. Paul
 and Minneapolis. The booklet is
 printed in five colors, is neatly illus-
 trated and contains much matter de-
 scriptive of scenery about the cities
 along the St. Paul route.

General News.

Division number 113, Order of Rail-
 way Conductors, has arranged for the
 presentation, May 27, of a handsome
 testimonial to W. D. Cantillon, recent-
 ly made assistant general manager of
 the Chicago and North-Western Rail-
 way system. The testimonial is a
 book bound in crushed velvet, and its
 pages contain Mr. Cantillon's history
 since he entered the service of the
 North-Western as a brakeman in 1879.
 Before his last promotion Mr. Can-
 tillon was general superintendent of
 the road.

The Pennsylvania road is destroy-
 ing ten thousand old freight cars that
 have outlived their usefulness. The
 cars are being burned and the iron
 work sent to the rubbish heap. Most
 of these cars are worn out, too small,
 or entirely out of date.

The supreme court of Somerset-
 shire, Maine, has awarded damages
 of \$25,295 to a man injured in a col-
 lision on the Maine Central two years
 ago, the largest sum ever awarded for
 such an accident in the state of
 Maine. The railroad company will,
 no doubt, appeal.

CAPTURED BOY WHO
SENT FALSE ALARMChief Klein Gives Warning That No
Leniency Will Be Shown Hence-
forth to Authors of Such Acts.

Ray Lawrence, a ten-year-old boy
 living on Terrace street, was one of
 the group of boys who rang in the
 false alarm from box 66 yesterday
 and gave the fire department a hard
 and needless run. Late yesterday
 afternoon he was taken to the city hall
 and given a severe lecture, coupled
 with the warning that being hence-
 forth on probation another offense
 against the city on his part would re-
 sult in his being sent to the reform
 school. Of late a number of key-boxes
 have been broken by lawless juven-
 iles. Several boys have been caught
 but influence of one sort or another
 has saved them from the punishment
 so well deserved. Chief Klein gives
 notice that age or "pull" will prove
 of no avail for the next one detected
 in an act of this kind and he asks
 the co-operation of adults who have
 chosen to regard these exploits as
 humorous in the past, in putting a
 stop to this vandalism.

NEW ROCK PRAIRIE
PASTOR WELCOMEDRev. F. O. Ross and Wife Guests of
Honors at Reception in Home of
Mr. and Mrs. Wm. Menzies.

On the evening of May 11 the Rock
 Prairie Congregation welcomed their
 new pastor, Rev. F. O. Ross and his
 family by a reception at the home of
 Mr. and Mrs. William Menzies. The
 spacious house was beautifully deco-
 rated for the occasion and the tempt-
 ing refreshments served by the la-
 dies were in perfect harmony with the
 pleasant summer night. James Men-
 zies, addressed the pastor in behalf
 of the session—a greeting compre-
 hensive and expressive. Miss Mag-
 gie Morton in kindly words most
 fully spoken extended to the pastor's
 wife the welcome from the Ladies'
 Missionary society. Miss Carrie Rye
 gave clear expression to words of
 warm welcome from the Young Lad-
 ies' society, and Miss Jean Hadden
 in easy and pleasing manner voiced
 the welcome of the Juniors in a poem
 written for the occasion by a gifted
 friend of this people. Little Isabel
 Pember was the bearer of a beautiful
 bouquet of pink carnations to the pas-
 tor's wife, while the pastor's mother
 received a fragrant bunch of roses
 from the hands of Little Gordon Mc-
 Lay. The pastor in responding ex-
 pressed his deep appreciation of the
 sincerity shown in the words of wel-
 come and paid high tribute to the
 work of his friend and predecessor,
 Rev. S. G. Huey in leaving the con-
 gregation so united and prosperous.
 Among the many present to extend
 the hand of welcome were Pastor J.
 M. Laughlin and wife of the Presby-
 terian church of Janesville. Pastor
 Ross and his estimable wife begin the
 work here with the united confidence
 and support of the Rock Prairie con-
 gregation, and "Grandma" Ross has
 already entrenched herself in the
 hearts of the Rock Prairie people.

TEAMSTERS WANT
WAGE SCALE RAISEDCity Is Paying \$3.50 a Day Now and
They Call for \$4—To Meet
Highway Committee.

Pursuant to plans discussed at a
 meeting of Teamsters' Union No. 37
 last evening, representatives are to
 confer with the highway committee
 of the city council today regarding
 the wage scale to be paid by the city
 this year. It was decided some time
 ago that the scale for man and team
 should be \$4 a day after May 1, but
 up to date the city is only paying
 \$3.50. It is the contention of the
 teamsters that the cost of feed for
 their horses, horse-shoeing, etc., is
 higher and that even at \$4 there is
 no more than day wages in the busi-
 ness.

...FORTY YEARS AGO...

Janesville Daily Gazette, Thursday, May 17, 1895.—Death of Young Groher.—The young man who was shot yesterday morning by August Schilling, died about seven o'clock this morning.

The murderer of Groher has not yet been arrested. It is thought he is skulking in the woods in the vicinity of where he committed the crime. The efforts being made to take him will not doubt prove successful before long. Schilling is a man twenty-one years of age, gray eyes, light brown hair, dark complexion, five feet seven and a half inches high, and weighs about one hundred and fifty pounds. He is a German, but talks very good English; had on soldiers' pants and jacket, light colored felt hat, and had a light brown coat.

The weather took a prescription of thunder and lightning last night, pending its hours and taking a bad cold. It feels as though we should have a frost tonight.

The Prices of Licenses.—The price of licenses for the sale of spirituous liquors, as fixed by the Common Council on Monday evening, is altogether too small. If it is necessary that neturious traffic should be carried on, we think the number engaging in it should be simmered down to the smallest number possible. And this can only be done by putting on a good, round license. And not only so, but if few were selling liquor and unusual damage results therefrom it is more easy to ferret out those in fault. In fact, as the system of licensing seems to be the only method of regulating this trade at present, it is a pity that anything less than \$100 should be named.

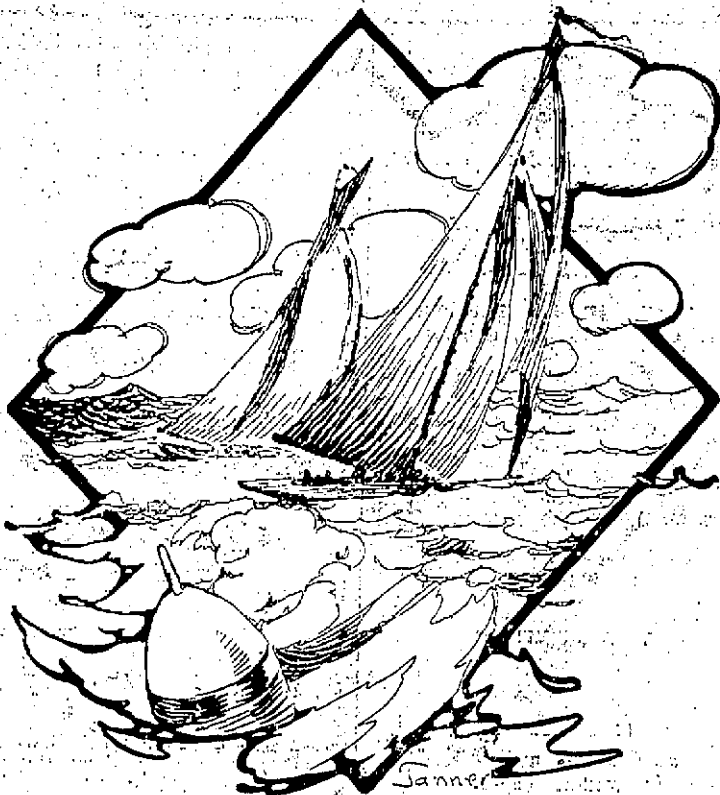

It would be better for those dealing in liquor and would be vastly better for the community.

Grant's salary as General, will be \$17,540.

Scared.—The people of Madison were thrown into great excitement on Saturday night by a number of simultaneous fires in that city, which they attributed to incendiarism. It seems an anonymous letter had been received by the Mayor stating that some dissatisfied soldiers proposed to burn the city some time in May. While some of the fires are still unaccounted for, it has been ascertained that two or three were purely the result of accident. Since this discovery the pulse of the Madisonian beats more evenly.

J. Ross Browne, well known to the literary world, has just arrived at Washington, from Arizona, having thoroughly explored that Territory. He says it is highly improbable, and scarcely possible, that Colonel Bennett, who is in command of Fort Goodwin, permitted himself to be surprised by a large body of Indians and the garrison butchered. So far from there being two thousand savages engaged in the reported wholesale massacre, he says there are not more than 700 or 800 fighting Apaches in the entire Territory, which in no part is capable of subsisting so large a number, and especially after the severe winter. At all events the report is greatly exaggerated.

Work On The Railroad Bridge.—Workmen are busy driving the piles for the new railroad bridge above the upper dam. They are hurrying the work along as fast as possible.

May 17, 1905—One year ago today to ocean race for the cup offered by Emperor William of Germany was begun.

Mr. and Mrs. George Townsend were Janesville visitors Thursday.

Choose Your Paint Yourself

A man should take such precautions as he can to safeguard any investment he makes. A house owner's expense for painting is very often larger than it would be if he personally looked after the material put upon it. There is often a difference of three years in the wearing of two different paints. Certainly, in this case, time is money. If you will see that

Pure White Lead mixed with Pure Linseed Oil is used on your house, you will place a value on your painting bills on a reasonable basis. You can tell the pure lead from the adulterated kind by the brand—

SHIPMAN
Pure White Lead
(Made by the Old Dutch Process)

Manufactured for years and, as any experienced painter will tell you, the standard by which others are judged.

Send for a booklet containing several hand-colored reproductions of actual houses, offering valuable suggestions for a color scheme in painting your house. A test for paint purity is also given.

Pabst Beer Clean Beer

Physicians have said there is nothing better than Pabst Blue Ribbon Beer as a vitalizing tonic, because they know how it is

made. They know the Pabst eight-day malting process and they understand the importance of the perfect purity and cleanliness of the Pabst exclusive process of brewing. They know the healthfulness of the beer produced by the Pabst process. People, and especially doctors, demand that everything they eat and drink be absolutely clean.

Pabst Beer is always clean and wholesome. The Pabst brewery is as clean as the cleanest kitchen. In the long process of brewing, Pabst beer never comes in contact with anything unclean. The tubes through which it is run, from the time the grain is mashed

until the beer is bottled or kegged, are sterilized, to prevent any impurity or uncleanliness. Pabst Beer is not fermented in open vats, as is usual in breweries, but in special Pabst hermetically sealed tanks, into which no air, except pure filtered air, ever enters. Pabst Blue Ribbon Beer is not cooled, as is usual, in rooms where men walk in and out, but it is cooled in specially constructed sealed coolers where no hands can touch it, no breath of foul air can taint it. Only sterilized air is used to oxygenate it. It is then stored in hermetically sealed storage tanks until science and the test of time pronounce it perfect beer in age, purity and strength.

"Prosperity be thy page!" is one of Shakespeare's benedictions. "Page" adds usually, prosperity in a store.

Senator Bailey of Texas seems to be warm under the collar.

Connor, McGillivray and Lenroot, the three candidates for governor, vied with each other in extolling La Follette at the Lincoln club banquet.

The Lincoln club of Milwaukee entertained three republican candidates for governor at a banquet Tuesday evening. Lenroot, McGillivray and Connor declared loyalty to reform, but Davidson was not present.

When the government owns the railroads, and the cities the public utilities, it will be cheaper to travel than stay at home and America will become a nation of sight-seers. Great is reform!

The republican party in Iowa is up against a number of reform propositions with Governor Cummins as the leader of the movement. The conservative element of the party is dubbed "stand-patters" and this element appears to be in the majority.

The product of the "muck rake" is a drug on the market, and the magazines and writers, which have reaped a harvest, have been obliged to call a halt. The American people can't be fooled all the time.

Dietz still holds the fort on the Thornapple river, undisturbed by politics or the courts. He belongs to the order of independent citizens, just now so popular, and is a law unto himself in the full significance of the term.

Lenroot defended his Mary Ann bill at the Lincoln club banquet and told why the amendment should have been adopted. The law is as full of holes now as a skimmer, and the only excuse for its existence is to retain office-seekers in office.

THE RATE PROBLEM.
Congress is discovering that the rate problem is not so easy to solve as it appeared at first sight. The railroad companies made the same discovery, a long time ago and the best talent they could employ is still struggling with the question.

While it is true that the railroads are common carriers, enjoying special privileges, not accorded to the individual, it is also true that the business of these corporations is conducted along the same lines as any other great business enterprise.

The network of railroads which covet and work together as smoothly as though under one management, furnish to the country a system of travel and transportation which is as near perfect as it is possible to make it.

You step into a Pullman car and ride for days across the continent without thought of the fact that half a dozen lines of road contribute to your comfort by the interchange of business established.

A car of stock or fruit is loaded on the coast and shipped to any market in the country and no thought is given to the fact that the car, when unloaded, may be thousands of miles from the line which owns it and keeps it in running order.

These are some of the questions which enter into the rate problem. They may be solved in short order by the reformers of the day, but they have always been perplexing questions to the men financially interested.

Self-interest is the best safeguard of any business, and this, motive is the controlling motive in railway corporations. The field of almost every line of business is largely limited to the territory adjacent, but this is not true of the railroad.

The interchangeable system is so perfect that every road is interested in shippers and tourists in all parts of the country.

A traveling freight agent of the Seaboard Air-Line, a road that runs through a part of Florida, came into Wisconsin in the winter of 1905 and secured the shipment of seventy-five carloads of potatoes from the northern part of the state for the Jacksonville market.

The cars traveled one thousand miles before they reached his line and then his company had a haul of

less than three hundred miles, but the Wisconsin farmer found a good market for his potatoes because of a rate system intelligently worked out. If the rate commission is to have unusual power, it should be composed of railroad men; men who are familiar with the complex situation and who are able to handle it.

THE MAN OF THE HOUR.
While President Roosevelt is unpopular with the Standard Oil company, and many other large corporations, and while the statesmen and office-seekers of the country do not endorse him very heartily, he is nevertheless the popular president, and history will record that no chief executive since the days of Lincoln had so strong a hold on the hearts of the masses.

He has been fortunate in saying and doing many good things at the right time. The "square deal" which he advocates and practices, has become a national watchword, and all because the president suggested it and stirred the popular mind to endorse it.

It represents, in a terse sentence, the highest morality, and inspires to common honesty in the every day experiences of life.

The "muck rake," so vividly portrayed from the old story of Pilgrim, has awakened a new line of helpful thought, and people in every community have discovered that gossip and slander have been altogether too common.

No one but the president could bring to the surface and set in motion these helpful influences, and they have endeared President Roosevelt to the hearts of the people, in a peculiar way.

It is not at all likely that he will be a candidate for reelection however much the people may demand it, but if left to popular vote, there would be no question as to results. Who his successor will be may not be forecast with any certainty. There will be no dearth of good men who aspire to the place, but whoever he may be, it will be found that the place can not be easily filled.

President Roosevelt combines with a strong personality a warm and sympathetic heart which has captured the American people, and they delight to honor him.

PRESS COMMENT.

So Stop Complaining.
Chicago Tribune: Many of our ablest medical authorities declare that the average person eats too much ice, anyhow.

Chandler's "Rep" Enhanced.
Milwaukee Sentinel: Senator Chandler comes out of the muck with his brilliant reputation as a misinformant greatly enhanced.

Ware The Marinette Sirens.
Marinette Eagle-Star: The Grand Army vets will be welcome to Marinette, with open arms, by the ladies. But they had better beware of capturing any hearts.

Refinement Of Cruelty.
Milwaukee Journal: It must have been hardest of all for La Follette, when Senator Spooner pleaded with his colleague to give him a hearing. That was refinement of cruelty.

Only Comfort is From Enemy.
Eau Claire Leader: According to The Milwaukee Free Press, Senator La Follette is fighting single-handed and alone and all the help he gets in saying the people is from the Democrats.

Ineptant But Forcible.
Madison Journal: Stink sticks are pretty much in vogue in Madison again and it is said some tobaccoists are almost as open in violation of the law as certain saloon-keepers were in the past.

To Be Sure.
Oshkosh Northwestern: Of course it is natural that The Milwaukee Free Press should especially commend the late Carl Schurz for the fact that he was "independent of party domination." Of course.

Remember Suffering Neighbors.
Chicago Record-Herald: Caruso earns \$115,000 a year singing tenor. A man who gets it in bunches as large as that ought to be willing to do something handsome for the neighbors who had to stand it when he was learning how.

The Playful French Duel.
Exchange: In a recent affair of honor over in France one of the duellists shot a hole in a fence, while the other tore up several inches of sod. The gentlemen then shook hands and were friends again. The French duel is a glorious institution, and it is a pity that it is occasionally marred by an accident.

He's Their Huckleberry.
Milwaukee News: The report that "Sherbie" has got so much money that he does not need the salary, has made such a deep impression upon the "reformers" in the rural districts that they can hardly restrain their impatience to introduce him to the state-wide fight against the corporations.

Couldn't Corrupt Press.
Chippewa Independent: It is gratifying to note that when the Northwestern Life Insurance company of Milwaukee was paying big money to maintain a lobby at Madison, that Vice-President Markham stated, that the company was never obliged to spend a dollar to influence the newspapers of the state.

Another Try-Out For Bob.
Milwaukee Journal: Senator La Follette is to be tried again. Just as soon as the rate bill is disposed of the Philippine bill will be brought forward and an endeavor made to put it through. The beet sugar and tobacco people, who are opposing the measure for purely selfish reasons,

are strongly entrenched in the senate. That's bringing it right up to date county.

Rather Expects Him.
Oshkosh Northwestern: It is very easy to believe the report that Senator La Follette is coming back this summer in this state in the interests of Mr. Lenroot. Of course he must have some kind of excuse for keeping up his speech-making tours, and besides he must keep the people of his own state in line if he expects to keep that presidential boom going until 1908.

On Newspapers' Trail.
La Crosse Leader-Press: As revenge upon the newspapers for inducing the government to break up the paper mill trust, the paper mill owners are threatening to organize another which will evade the laws and will make the price of paper higher than ever. Perhaps, however, the newspapers and the government will find a way to deal with the new combination as they did with the old.

But It At Home.
Green Bay Gazette: The fellows in Green Bay, Marinette and other cities in this part of the state who bit on the snit club proposition of a Milwaukee tailor are saying nothing but it is a safe bet that they are meditating on the old adage of "A fool and his money, etc." Even though the scheme were not a fraud they could have done much better to patronize their home tailors where they would be certain of getting a good suit of clothes for their money.

Memorial Day.
Fond du Lac Commonwealth: Memorial Day is not a time for celebrations and jubilees, and it is to be hoped that it may not be desecrated by turning it into a day for sports and amusements. The events it is designed to commemorate are the saddest events that have ever been written into the history of this great nation, and they deserve something better than to have the day degenerate into an occasion for games and sports of various kinds.

Scaring The Natives.
Madison Journal: It sounds like the old days to read of the British employing searchlights to work upon the fears of the superstitious Zulus of South Africa. The natives were awestruck and regarded the searchlight as the eye of the Almighty and said God had turned it upon them in his anger. The flashing of light on surrounding hills, bringing in plain view the Kaffir trails, made them cover and fall to the ground, before what they termed the "latest witchcraft of the whites."

Oversights in Sewing Up Body.
Chicago Chronicle: A year ago a Chicago woman brought a suit against a surgeon who operated on her for tumor and then sewed up a pair of forceps in her body. This was regarded as something fearful, but other surgeons remarked cheerfully that "it often happened." Now comes a report from Webster City, Iowa, of a woman who was operated on for appendicitis and in whose body the surgeon sewed up a napkin. Perhaps we may yet hear of one who sewed up in his patient a door mat or a typewriter. These incidents may go far to make "surgical operations" unfashionable.

KICKERS' KOLUM

Wants the Fourth Observed.
Editor Kickers' Kolum—Racine and other neighboring cities having appropriated our original Nonesuch burlesque circus Fourth of July parade and there being some sentiment against a repetition of this great ugeant here until 1907, anyway, it devolves upon us, as citizens of Janesville, to use our ingenuity and devise and arrange for some sort of an observance to take the place of the customary one, in order that the day may not pass unmarked, honored, and unsung. In the absence of any other plan why cannot we go back to the good old-fashioned plan of patriotic speeches and music in the park, devoting a whole morning to them instead of a brief period at noon? The Apollo Club ought to be able to arrange to have "America" sung to the new tune by a quartette or octette. There is plenty of declamatory and oratorical talent available, and the whole program might be headed by some gifted speaker from home or abroad. As for the afternoon, there ought to be something better than those unspeakable street shows to occupy the attention of the people.

"NATHAN HALE"
What's the Matter With McKine? Kickers' Kolum—Why does the council wish to abolish the office of assistant street commissioner? There are about eighty miles of sidewalks in Janesville and of these about 10 per cent are cement. The balance are in various states of dilapidation. The official known as the sidewalk inspector will have plenty of work before him for some years to come. Unavoidably he must make enemies. He orders walks in the face of opposition which aldermen are afraid to court. Nobody has had a pull with the present official. He has been just and fair and has done and is doing good work where it is most needed. Let him alone. During the season he has been active not a single claim for damages has been filed.

"FAIR PLAY"
North Dakota Medical Men. Fargo, N. D., May 17.—The annual meeting of the North Dakota Medical society, which began here today, is one of the largest ever held by the organization. Many prominent physicians and surgeons are here to participate in the discussions and the reading of papers which make up the two days' program.

I. T. Tooth-Jerkers Meet.
Muskego, I. T., May 17.—The Indian Territory Dental association began its third annual convention here today and will continue in session

over tomorrow. Members of the profession are in attendance from all parts of the territory.

AWARD OF COMMON SCHOOL DIPLOMAS

Thirty-five Young People Entitled to Have Tuition Paid by Towns in Which They Reside.

On the recommendation of the examining committee, thirty-five persons have been awarded common school diplomas which carry with them the right to have their high school tuition paid by the towns in which they reside. The first ten rank in the order given. No effort is made to rank the others. Following is the list: Anna Ross, Irene Trostern, Marie McCarthy, Clara Lundia, Bridge McGinley, Harold Taylor, Lena Egan, Norval Hendrickson, Nina Larson, Vera Lentz, Ruth Hemingway, Gretchen Uehling, Eleanor Douglas, Margaret Johnson, Ben Sarow, Florence Davis, Hazel Pointer, Elmer Eggen, Cora Munson, Clara Eriksen, Tressa Terman, Clara Schmeling, Mary Nichols, Mary Ludden, Katharine Dooly, Grant Howard, Hugh Ahara, Nina Worthing, Fannie Day, Edith Cooper, Clara Condon, Hilja Adolphson, Melvin Shaw, Alex Jensen, and Mary Irish.

CHANGE OF HOURS IN HIGH SCHOOL BEGINS

High School to Commence at Eight and Close at Two-Thirty Each Day.

With but twenty-nine out of the three hundred and seventy-five pupils at the High School opposed to the idea, the project of opening the school from now until the close of the year at eight in the morning and completing the session by two-thirty was adopted. The twenty-nine who were opposed to the plan all have work to do before school and during the moon hour or live in the country. By special arrangement of classes they can come at the regular hours and spend the rest of the afternoon in study at the school room if they desire.

ANTONE HANAUSKA TO BE MARRIED AT JEFFERSON IN THE NEAR FUTURE

Miss Amelia Hodel, Daughter of Mrs. Frank Hodel, Will Be His Bride.

Antone Hanauska is soon to be married at Jefferson to Miss Amelia Hodel, daughter of Mr. and Mrs. Frank Hodel. A few from here will receive invitations, but Mr. Hanauska refuses to divulge the date of the ceremony, fearing that his host of Janesville friends will make the post-nuptial hours interesting. The wedding is to take place in the very near future.

THE WEATHER

Temperature last 24 hours taken from registered thermometer at Helm-street's drugstore, highest, 87; lowest, 66; at 7 a. m., 70; at 3 p. m., 87; wind, west; pleasant.

A LITERARY NIGHTMARE.

A play on the names of well-known authors.

When does Mary-Mapes Dodge? When Thomas W. Knox.

What did Charles Read? Whatever he saw Mabel Osgood Wright.

When was Laurence Sterne? When he found Bill Nye.

Where did Henry Cabot Lodge? In a Dryden.

For what did Eugene Sue? For one of Samuel Smiles.

Why did we not laugh at R. D. Blackmore? Because we find John Greenleaf Whittier.

Why did Miss Mulloch up the silver? Because she saw Flora Annie Steele, Milwaukee Sentinel.

Proper Way to Boil Water.
Charles Delmonico used to say that the secret of boiling water was to put good fresh water, already quite warm, into a clean kettle, boil quickly, then take off at once for use in tea, coffee, etc. To let it steam, simmer and evaporate until all the good water is gone is a mistake.

Comb Out?

Use Ayer's Hair Vigor! It feeds the hair-bulbs, gives life and strength to the hair. The hair stays in, grows rapidly, keeps soft and glossy. There is handsome hair in every bottle of Ayer's Hair Vigor!

When the hair combs out badly! That is the time you want to know exactly what to do. Here is advice founded on an experience of half a century—J. C. Ayer & Co., Lowell, Mass.

MRS. JAS. FLAHERTY
55 W. Bluff St.,

is another convert to the PAINLESS DENTAL idea.

She said to a friend whom she met yesterday, and with whom she had a little conversation regarding dentistry and dentists:

"I can hardly believe it true that my teeth are out WITHOUT MY BEING HURT."

"I am so glad I went to DR. RICHARDS."

Some of my friends and neighbors had been at me for a long time to go to him, but I dreaded it so much.

"I shall surely recommend him to all my friends, for he hurt me the least of any dentist I ever had work for me."

If you HATE PAIN and wish GOOD THOROUGH WORK consult Dr. Richards yourself.

GAUGED THE BULGE OF OFFENDING CROSSWALKS

City Officials Were Given an Auto Ride Around City by George S. Parker, Yesterday.

Street Commissioner Semmett and some of the aldermen made an automobile tour of the city on the invitation of George S. Parker yesterday, and many of the worst "bolts" encountered were caused by crosswalks which seem to have bulged and protruded way above the level of the roads.

JAIL-HAMMOCKS ARE CONDEMNED

COUNTY BOARD IS DIRECTED TO ORDER THEM OUT.

COUNTY FARM WANTS BARN

Costing \$3,300. But Will Probably Have to Be Contented With New Boilers and Bathtubs.

After the appointment of the standing committees for 1906 had been announced by Chairman S. S. Jones, the county board this morning listened to communications from County School Superintendents Hemmingsway and Antisdell relative to the attorney general's opinion that they were entitled to \$900 instead of \$500 salary dating from July 1, 1905, coupled with the request that the portion of the extra \$100 now due them be paid. The matter was referred to Committee No. 7. O. D. Antisdell certified that \$250 would be needed for traveling expenses and \$200 for stationery, supplies, etc. in the second district. Petitions from the town supervisors of Bradford and Beloit for appropriations, referred to at length in another column, were received and spread on the minutes.

County House Improvements. Committee No. 7 reported that the following bids had been received for the calculating work in the court house: Bloedel & Rice, \$112; D. S. Cummings, \$240.24; S. Hutchinson & Sons, \$91; E. J. Kent, \$150; Willard Coleman, \$195. That of S. Hutchinson & Sons being the lowest, was accepted. There was an additional outlay of \$6.11 for some extra plastering. Bids for a new cement sidewalk in front of the old jail lot were received as follows: William Hanna, \$160; E. Rice, \$145.35; G. D. Cannon, \$111; R. P. Crossman, \$110. The last named, being the lowest, was accepted. There had been an extra expense of \$12 in carrying the walk out to the curb as required by the city ordinances.

Jail-Hammocks Tabooed. Supervisor Simon Smith announced that the committee had received a peremptory verbal notice from two state inspectors that the hammocks in the county jail must be removed and some more comfortable appointments for the lodging of prisoners installed, and that this must be done at once, as the health of the occupants was endangered under the present system. Personally, Mr. Smith thought that the class of people who boarded at that institution ought to be abundantly satisfied with nice, clean hammocks. No action was taken on the matter this forenoon. County Treasurer Oliver Smith made a report of the delinquent tax sale, giving details of a tangle which has resulted from imperfect description, and wrong figures in the case of some property in Hanna's subdivision, Beloit. The matter was referred to Committee No. 1 and the district attorney with provisions that they should instruct the board of review how to act.

County Farm Improvements. McVikar Bros. submitted an estimate on the cost of repairs and new brick work for the boilers at the county house which were condemned by the insurance inspector. The expense would not exceed \$1,500. They also estimated that the cost of installing four new tubs in the laundry would not exceed \$225. On motion \$1,800 was appropriated, with instructions to the building committee to call for bids, make a contract with the lowest bidder, and expend such part of the appropriation as may be necessary. J. G. Gray submitted an estimate of \$2,500 as the cost of a new hay and horse barn, 35x70 feet, and W. J. McIntyre spoke in behalf of the trustees, emphasizing the need of such a building for the 10 or more horses now accommodated in the cattle barn. No action was taken.

Standing Committees for 1906.

TELEGRAPHED TOO LATE OF ERRORS; HE WAS ARRESTED

Telegraph Operator at Tiffany Arrested for Using Company's Money.

While Arthur J. Farley of Phillips was at tower YD this morning telegraphing some North-Western road of fact that he would return the \$10.24 of the company's money he had taken with him when he deserted his post at Tiffany last night, he was arrested by Officer Champion and taken to the city jail lock-up. Farley was the night operator at Tiffany and during the night he decided an evening in Janesville was what he wanted more than anything else. Flaggging the through North-Western passenger shortly before nine he rode to the city and enjoyed himself to his limit. He was not, incidentally, the only one who took it to the city. He says that he took it to insure his safety. The loss of the money and his absence was discovered early this morning and City Marshal Appleby received word to arrest him. He did this just as Farley was wiring some official he would return the money and had received the reply it was too late. Farley appears to have erred in taking the money, deserting his post and flagging the train at a station that is not a flag station, and it is probable the railroad will see that a heavy punishment is inflicted.

TOOK X-RAY PHOTO AT HIGH SCHOOL

Picture Showing Bones Of The Hand Made On Wet Plate Without A Camera.

One of the most interesting uses of the so-called X-Rays is taking a photograph without a camera and this has just been done at the local high school as a portion of the laboratory work in physics—a senior study. The object photographed—the hand of a pupil—was placed on the camera plate in a darkened room and the X-Rays turned through. The portion of the plate not covered was nearly cleared, that where only the flesh stopped the rays was very much lightened; while the bones nearly stopped all rays. Thus was produced a picture showing the outline of the hands and its bones. Even the nine bones of the wrist are visible. This experiment proved one of the most interesting in the whole high school course.

FELLOWSHIP SOCIAL TO BE HELD TONIGHT

New Members of the Congregational Church to Be Entertained This Evening.

This evening immediately after the prayer meeting a Fellowship social will be held in the Congregational church parlors for the members of the church who have united during the past winter. The prayer meeting is to be short, so that the social may have more time.

CURRENT ITEMS

Convent Repairs Commenced: The work of remodeling and improving St. Joseph's convent, an undertaking which is to cost \$10,000, has been undertaken by Contractor Joseph Denning.

To Study in Europe: Miss Maude Brace, daughter of Mr. and Mrs. O. D. Brace of this city, will sail on Saturday for Europe, where she will study vocal music under some of the best instructors of Paris and London. Miss Brace goes with a party consisting of Mrs. Stacy Williams of Chicago, teacher, and seven of her pupils. The young ladies will study under William Shakespeare in London and will later go to his summer studio in Switzerland. Miss Brace is possessed of a beautiful soprano voice and great things are expected of her in the next few years.

Sweeping the Macadam: Last evening the efficiency of the new street sweeper on macadam roads was tested on South Jackson street to the satisfaction of everyone concerned, except the wayfarers who did not enjoy the clouds of dust early in the evening. Street Commissioner Bennett believes that the city will find it money saved to buy a new horse for the work instead of leasing one at a per diem, as it is now doing.

Blaze on the Cornice: About 4:15 yesterday afternoon the fire department was called out to attend to a small blaze which had started in some inexplicable manner on the cornice of the five-story American House. A chemical extinguisher was "hoisted with a rope after the men had scaled the fire-escape and the flame put out in short order. The origin of the fire is still a mystery as there are no electric wires in proximity to the portion of the building which was burning.

Salvation Army: Lt. Perry of Chicago arrived in this city last night and is going to assist Capt. Fleming in the work of soul-saving soldier-making and helping the poor. Everybody is welcome to our meetings. Many souls are being saved. To God we give the glory.

Hurt in Runaway: In a Runway accident near his home on North Vista avenue yesterday afternoon, E. C. Jones, driver for the Benning & Lane Baking company, was badly bruised and shaken, but his injuries are not serious and he is able to work today. But for the breaking of the pole the wagon was not damaged.

Janesville Represented: At the annual meeting of the International Sunshine society, being held in Brooklyn, N. Y., Buttercup Branch of this city is being represented by Mrs. Edward F. Welch.

G. Tallman Secretary: At a special meeting of the Buttercup Gun club last evening Charles Tallman was appointed secretary to complete the unexpired term of William R. Williams, resigned. Officers are to be elected next month.

REPAIRING WALKS IN MANY DISTRICTS NOW

Gazette Picture Contest Appears to Have Created Considerable Excitement.

Word comes to the Gazette office that the lot owners are repairing their walks in anticipation of pictures being taken. This complaint comes from disappointed contestants for the two-dollar prize offered for the best picture and description of bad sidewalks and streets in the city. Encouraging word is, however, sent these disappointed photographers that there are plenty of spots left that have not been touched by hand of man. Several very good photographs have already been received and it is thought that by Wednesday next, when the contest closes, there will be a large number to choose from. The names of the contestants do not have to be published in connection with the article unless desired. Address all communications to the "Good Roads Editor," Gazette.

GIVE STOCK TO TRAFFIC MEN

RAILROAD OFFICIALS FAVORED BY MINING COMPANIES.

Presentations Are Made with View of Securing Better Treatment for Coal Shippers.

Philadelphia, May 17.—Revelations of an unusual character were made Wednesday during the investigation of the interstate commerce commission into the alleged discrimination by railroad companies in the distribution of cars to coal companies in the bituminous region. Three important witnesses were heard in the persons of George W. Creighton, general superintendent of the Pennsylvania railroad division of the Pennsylvania Railroad company; Robert K. Cassatt, son of President Cassatt, of the Pennsylvania railroad and eastern manager of the Keystone Coal & Coke company; and John M. Jamison, of Greensburg, Pa., president of the Jamison Coal & Coke company.

Mr. Creighton admitted that he held stock in several coal companies and that the stock had been presented to him. Mr. Jamison testified that his company had presented Pennsylvania railroad officials with stock in his company with the object of securing better treatment and facilities from the corporation. He also said that Robert Pittman, now assistant to President Cassatt, had declined a proffer of stock, saying that he preferred the money. Mr. Jamison bought the stock back from him for \$5,000.

R. K. Cassatt told the commission that at a time when the Pennsylvania Railroad company was suffering from a scarcity of coal cars it had relinquished its claim to 300 cars ordered from the Pressed Steel Car company and that the cars had been purchased by the Keystone Coal & Coke company. Another interesting witness was George W. Clark, Pennsylvania railroad car distributor at Altoona, who was on the stand Tuesday and who finished his testimony. He told of having received monthly a check for \$50 from Capt. Alfred Hicks, a mine operator, and stated that he did not know why the money was sent to him.

HEADLESS BODY IS FOUND

Old Murder Is Revealed by Grosse Discovery in a Cesspool at Madison, Ill.

Granite City, Ill., May 17.—The headless body of a man was found Wednesday in a cesspool in the rear of a Madison saloon, not far from where John Hickey, an overland traveler to Oklahoma, was sandbagged and killed last week. The body was brought to an undertaking establishment here. The absence of the head, it is believed, indicates that the man was murdered by an injury to the head, and that it was removed to prevent identification. No other marks of violence were found on the body.

It is believed that possibly the clothing may lead to identification. The body had evidently lain in the cesspool for several months. Several negroes had been put to work at cleaning the pool, and they discovered the body. A stiff hat was also found in the pool. Coroner Streeper has begun an investigation.

Steel Man Is Promoted.

Pittsburg, Pa., May 17.—E. C. Brown, for several years engineer of maintenance of way of the Union railroad, a subsidiary company of the United States Steel corporation, has been appointed chief engineer of all the Carnegie Steel company interests.

Greeks Kill Soldiers.

Salonica, May 17.—On Sunday, between Rosta and Grebena, three Greek bands exterminated a party of Wallachs, men, women and children, escorted by a lieutenant and 40 soldiers. They killed seven of the soldiers, wounded nine and captured the rest.

Operates on Irish Leader.

Dublin, May 17.—Prof. Sir Thornley Stoker, president of the royal college of surgeons, Ireland, performed a second operation on Michael Davitt, the Irish leader, who has been suffering from blood poisoning for some time. Mr. Davitt is very weak.

Prize Money Long Delayed.

Eau Claire, Wis., May 17.—Elbridge C. Jordan, who was on the United States gunboat Pontiac during the civil war, has been allowed \$16.49 as his share of prize money for the capture of a confederate gunboat on the Savannah river in 1865.

Servians Attack Turks.

Cettigne, Montenegro, May 17.—A band of Servians, Wednesday, surrounded a Turkish force at Nizams and Arnauts at Baritzo. A sanguinary conflict is now in progress and many have been killed or wounded on both sides.

Anaconda Directors.

Anaconda, Mont., May 17.—At the annual meeting of the stockholders of the Anaconda Copper Mining company Wednesday the former board of directors was reelected, with the exception that George H. Church was elected in place of A. C. Burrage.

Amalgamated Wage Scale.

Cincinnati, May 17.—The finishing touch was given Wednesday to the wage scale which the Amalgamated Association of Iron, Steel and Tin Workers will ask their employers to agree to for the coming year.

Dynamite-Kills Two Men.

Bloomington, Ind., May 17.—A premature discharge of dynamite killed two members of an Indianapolis Southern construction gang and injured five others, one fatally.

DID NOT COMMIT WHOLESALE MURDER DURING FIRE.

Three Violent Deaths Reported During the Frying Days Were Due to Others.

Washington, May 17.—Gen. Greely has reported to the war department from San Francisco that the reported killing of a large number of people by the army during the San Francisco fire is incorrect. His dispatch follows:

"Eastern papers allege that large numbers of persons were killed by the army during the San Francisco fire. Such dispatches are, to speak mildly, incorrect and misleading. Their reflections on both San Francisco and the army being entirely unjustifiable. The frightful disaster, which threw a quarter of a million people into the streets were marked by conditions of order, obedience and propriety almost incredible. Hysteria, excitement, crime and violence were noticeable only by their practical absence. Normally but one death practically occurs in San Francisco through crime. In four weeks covering the fire none have been reported. Investigations by Capt. Wynne, covering a week or more, have been made through the coroner, chief of police, board of health and military commander. These investigations fail to disclose a single instance of killing by regular soldiers. During the terrible days of fire and earthquake three violent deaths occurred. Frank Riordan and Joseph Myers shot by national guardsmen April 19. H. C. Tilden shot by citizens' committee April 23. Unverified reports indicate possibility of a fourth person having been shot. No complaints have been made by anyone of wounds inflicted."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

TIME TO ACT.

Don't Wait for the Fatal Stages of Kidney Illness. Profit by Jamesville People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a long time, but return with greater intensity. If there are symptoms of dropsy—puffy swellings below the eyes, bloating of limbs or ankles, or any other part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old-time health and vigor will return. Cures in Jamesville prove the effectiveness of this great kidney remedy.

Mrs. R. M. Wilson, of 203 Mineral Point Ave., Jamesville, Wis., says:

"I had been suffering with my back for a number of years. I had constant pain in the loins and I felt so generally weak and run-down that I often felt that I could not keep up. I used liniments and other remedies that did not help me, and finally, seeing Doan's Kidney Pills highly recommended in our papers, I sent to the People's Drug Co., and got a box and began using them. A few doses were sufficient to rid me of the pain and I continued taking the remedy until entirely cured. My son found the same satisfaction in using them for bladder trouble as he has been entirely free from it since using Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

OFFICIAL NOTICE NO. 28.

Notice to Contractors—Street Improvement.

Office of the Street Assessment Committee, City of Janesville, Wis., May 17, 1906.

Sealed proposals will be received at this office until the 20th day of June, 1906, at two o'clock in the afternoon, for furnishing all the material and doing all the work necessary and required to improve North and South River street from the North side of Pleasant street to the North side of the West Side Five Station; and the alley across lots 3 and 4, Smith, Bailey and Stone's Addition, from Franklin street to River street, and across lots 3 and 4 said addition, from Dodge street to the alley north, according to the respective specifications, profiles, plans and details thereof on file in the office of the city clerk of said city, for the inspection of bidders.

Said street and alley are to be graded to a sub-grade, and surfaced with a brick pavement, together with curbing made of stone, where required, and the work upon said street and alley will be let under separate contracts.

Work shall be commenced upon said street and alley on or before the first day of July, 1906, and the whole work shall be completed on or before the first day of August, 1906, failing in which the contractor shall pay to the city of Janesville as liquidated damages the sum of twenty-five dollars per day for each and every day's delay in completing said work.

Directions to Bidders.

Each bidder must accompany his bid with a contract and bond, with not less than two sureties, who shall be freeholders of the state of Wisconsin, and shall justify as to their responsibility and by their several affidavits show that they are worth in the aggregate at least the amount of the entire contract price in property not by law exempt from execution. Surety companies authorized to do business in this state will be accepted in lieu of personal sureties.

Said contracts and bonds, with sureties, must be completely executed on the part of the contractor, with the exception of the signatures on the part of the city. The Brethren

By RIDER HAGGARD,
Author of "Shi," "King Solomon's Mines," Etc.

COPYRIGHT, 1903-1904, BY RIDER HAGGARD

"Your report," said Sinan, addressing the tall fellow who all this while had lain upon his face before him, still as the form that was stretched upon the bed. "There should have been another prisoner, the great emir Hassan; also where is the Frankish spy?"

The fedai rose and spoke. "Lord," he said, "I did your bidding. The knight who has gone steered the ship into the bay, as had been arranged. We overcame and killed them all except the prince Hassan, whom we took prisoner. I left some men to watch the ship. The crew we spared, as they were the servants of the Frank Lozelle, setting them loose upon the beach to find their way to the nearest city. Yesterday morning we started for Masrat, the prince Hassan riding in a litter together with that Frankish spy who was here a while ago and told you of the coming of the ship. At night they slept in the same tent. I left the prince bound and set a guard, but in the morning when we looked we found him gone. How I know not, and lying in the tent the Frankish spy, dead, with a knife wound through his heart. Rehold!"

And, withdrawing the cloth from the stretcher, he revealed the stiff form of the spy Nicholas. "So, having searched without avail, I came on here with the lady your prisoner and the Frank Lozelle. I have spoken."

Now when he had heard this report, forgetting his calm, Sinan arose from the cushion and stepped forward two paces. There he halted, with fury in his glittering eyes, looking like a man clothed in a black bell. For a moment he stroked his beard, and the brethren noted that on the first finger of his right hand was a ring so like to that which hung about the neck of Goliath that none could have told them apart.

"Man," Sinan said in a low voice, "what have you done? You have left the emir Hassan go, who is the most trusted friend and general of the sultan of Damascus. By now he is there or near it, and within six days we shall see the army of Salah-ed-din riding across the plain. What have you to say?"

"Lord," answered the tall fedai, and his hand trembled as he spoke, "most mighty lord, I had no orders as to the killing of the crew from your lips, and the Frank Lozelle told me that he had agreed with you that they should be spared."

"Then, slave, he lied. He agreed with me through that dead spy that they should be slain; and do you not know that if I give no orders in such a case I mean death, not life? But what of the prince Hassan?"

"Lord, I have nothing to say. I think he must have been the spy named Nicholas," and he pointed to the corpse—"to cut his bonds and afterward killed the man for vengeance sake, for by the body we found a heavy purse of gold."

"Let the soldiers be brought," said Sinan, "and tell their story."

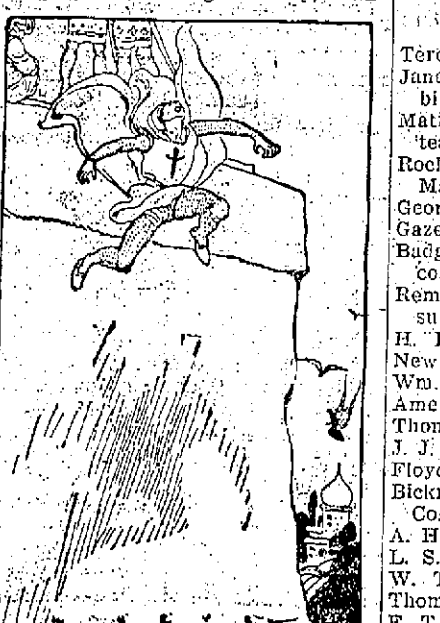

They were brought and stood by their captain, but they had no story to tell. They swore that they had not slept on guard nor heard a sound, yet when morning came the prince was gone. Again the lord of death stroked his black beard. Then he held up the signet before the eyes of the three men, saying:

"You see the token. Go."

"Lord," said the fedai, "I have served you well for many years."

"Your service is ended. Go!" was the stern answer.

The fedai bowed his head in salute, stood for a moment as though lost in thought, then, turning suddenly, walked with a steady step to the edge of the abyss and leaped.

Walked to the edge of the abyss and leaped.

ed with a steady step to the edge of the abyss and leaped. For an instant the sunlight shone on his white and fluttering robe, then from the depths of that darksome place floated up the sound of a heavy fall, and all was still.

"Follow your captain to paradise," said Sinan to the two soldiers. So the poor men went, the first with a steady step, and the second, who was not so brave, reeling over the edge of the precipice as one might who is drunken.

"It is fabled," said the dais, clapping their hands gently. "Dread lord, we thank thee for thy justice."

But Rosamund turned sick and faint, and even the brethren paled. This man was terrible indeed; if he were a man and not a devil, and they were in his power. How long would it be, they wondered, before they also were bidden

to walk that gulf? Only Walf swore in his heart that if he went by this road Sinan should go with him.

Then the corpse of the false palmer was borne away to be thrown to the eagles which always hovered over that house of death, and Sinan, having re-seated himself upon the cushion, began to talk again through his "mouth," Masouda, in a low, quiet voice.

"Lady," he said to Rosamund, "your story is known to me. Salah-ed-din seeks you, nor is it wonderful—here his eyes glittered with a new and horrible light—that he should desire to see such loveliness at his court, although the Frank Lozelle swore through your dead spy that you are precious in his eyes because of some vision that has come to him. Well, this heretic Sultan is my enemy whom Satan protects, for even my fedais have failed to kill him, and perhaps there will be war on account of you. But, since this castle is impregnable, here you may dwell at peace, nor shall any desire be denied you. Speak, and your wishes are fulfilled."

"I desire," said Rosamund in a low, steady voice, "protection against Sir Hugh Lozelle and all men."

"It is yours: The lord of the mountain covers you with his own mantle."

"I desire," she went on, "that my brothers here may lodge with me, that I may not feel alone among strange people."

He thought awhile and answered: "Your brethren shall lodge near you in the guest castle. Why not, since from them you cannot need protection? They shall meet you at the feast and in the garden. But she whom they wished to rescue from Salah-ed-din these tall brethren of yours might wish to rescue from Al-Jabal. Understand, then, all of you, that from the lord of death there is but one escape. Yonder runs its path." And he pointed to the dizzy place whence his three servants had leaped to their doom.

"Knights," he went on, addressing Godwin and Walf, "lend your sister hence. This evening I bid her and you to my banquet. Till then farewell, Woman," he added to Masouda, "accompany them. You know your duties. This lady is in your charge. Suffer that no strange man comes near her, above all the Frank Lozelle. Dais, take notice and let it be proclaimed: To these three is given the protection of the signet in all things save that they must not leave my walls except under sanction of the signet—my, in its very presence."

The dais rose, bowed, and seated themselves again. Then, guided by Masouda and preceded and followed by guards, the brethren and Rosamund walked down the terrace through the curtains into the chancel-like place where men crouched upon the ground, through the great hall where more men crouched upon the ground, through the antechamber where at a word from Masouda the guards saluted, through passages to that place where they had slept. Here Masouda halted and said:

"Lady Rose of the World, who are fitly so named, I go to prepare your chamber. Doubtless you will wish to speak awhile with these your brothers. Speak on and fear not, for I shall be my care that you are left alone, if only for a little while. Yet walls have ears, so I counsel you use that English tongue which none of us understand."

Then she bowed and went.

That BOY in GEORGIA

WILLIAM MALLORY is eight years old and lives in a Georgia town of less than 15,000 people. Within eight months this eight year old boy made enough money

to buy himself a house and lot which bring him in nearly \$100.00 a year rent.

Think about this you boys of 12 and 15 who complain that you don't have enough spending money! You boys who can "do things," who want to make money, who want to learn how to do business! We will pay you handsomely and at the same time help you to become good salesmen—good business men. Some of our boys make \$15.00 a week. Think of what you could do with \$15.00 a week! It wouldn't take you long to get that camera, or bicycle, or horse, or even a house and lot. We give the first supply of POSTS free—so that it costs you nothing to start. There are many prizes besides: the regular commissions—camping parties, tours, college courses—and cash prizes. If you are one of the boys who mean to succeed in life we want you to write us.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

STANDARD COMPANY DENIES MONOPOLY

BAYS GARFIELD'S DEDUCTIONS ARE ERRONEOUS.

RIVAL REFINERIES NUMEROUS

At Least 125 Concerns Handle Oil in Opposition to Big Company, Which Does Not Control the Crude Product.

New York, May 17.—The Standard Oil company Wednesday issued to its shareholders a statement in reply to the special message recently sent to congress by President Roosevelt and the report on the country's oil industry by Commissioner Garfield of the bureau of corporations, which accompanied it. The statement denies positively the charge that the Standard Oil company benefited by secret rates for the transportation of its products. "Whatever measure of prosperity it has enjoyed," says the statement, "is not traceable to illegal or reprehensible methods, but to its economic and elaborate industrial organization, covering as it does every detail of transportation, manufacture and administration." The statement declares that the estimate that the company saves \$50,000 a year through operation of certain freight rates, could only have been arrived at by theorizing.

The statement in part says: "On May 4 the president of the United States submitted a special message to congress transmitting a report to him by Commissioner Garfield, of the bureau of corporations, in which the commissioner charges that this company has habitually received from the railroads and is now receiving, secret rates and other unjust and illegal discriminations."

"Preliminary disclaimers were at once made to Commissioner Garfield's allegations, but we feel that you may naturally anticipate a more elaborate and technical reply, which we submit hereunder."

"The large sum of money which Mr. Garfield sets down as one year's 'savings' to the Standard through the operation of certain freight rates—sums which the president aggregates as \$750,000—could only have been arrived at by theorizing."

seating railroad was receiving traffic. To bring about such an arrangement would be impossible. It may be said, generally that there is a competing refinery in almost every section of the United States, where the Standard has a refinery except at Whiting, Ind.

"No rates can be made applicable to the Standard, which will not be equally applicable to the Standard's competitors."

"After an investigation of shipments during a period of about 15 years over more than 200,000 miles of railway the commissioner is not able to show that the Standard Oil company received a single rebate on its interstate shipments. He has only been able to call attention to a few instances in which the rate situation in his opinion required explanation. This explanation was freely given and we believe would be satisfactory to any man familiar with transportation problems."

"If the commissioner had any doubts as to the regularity of these rates, he might have brought them to the attention of the interstate commerce commission, when the question at issue could have been heard and determined. In the absence of such determination it is surely not within the limits of fairness for the bureau of corporations to cast aspersions upon a great corporation."

Does Not Enjoy Monopoly.

"The company owns and controls only a very moderate percentage of the crude production of the United States and with at least 125 rival refineries in existence, it is a palpable absurdity to call it a monopoly. For the last quarter of a century more than 60 per cent of its output has been shipped to foreign countries. In creating and sustaining this vast foreign trade, the company has encountered innumerable obstacles and incessant competition from other petroleum industries possessing the advantage of geographical location and cheaper labor, and which are often times developed under the fostering care of their respective governments. If the company maintains a gratifying percentage of the world's commerce it is because it keeps its agreements and delivers products of reliable quality at reasonable prices. Whatever measure of prosperity it has enjoyed is not traceable to illegal or reprehensible methods, but to its economic and elaborate industrial organization, covering as it does every detail of transportation, manufacture and administration."

MAKING COUNTY IMPROVE ROADS

BRADFORD AND BELOIT TOWNS "ONTO" NEW SYSTEM.

MUST DUPLICATE EACH SUM

Appropriated by Any Township for Bettering Highways Within Certain Limitations.

Communications from the town supervisors of the townships of Bradford and Beloit, received by the supervisors at their session this morning, brought the glad tidings that there is a good roads movement in progress which is likely to cost the county a pretty penny if it becomes general. Bradford has voted \$800 to be expended in graveling or stoning certain highways after they have been properly graded. Those specified are: the town-line road on the south side of section 36; the east end of the east and west road, section 17; the east and west road between sections 4 and 9. W. C. Duthrie, W. N. More, and C. J. Strong, town supervisors, ask that Rock county appropriate a like sum for the same purpose as required to do under Chapter 210 of the laws of 1905.

What the Law Is
The law that compels the county to accede to this request was passed by the legislature in 1901 and amended in 1905. It gives the township the right to appropriate a certain amount, not to exceed 2 1/2 mills nor to be less than 1/2 mill on its assessed valuation, for the purpose of placing a layer of gravel or crushed stone, at least four inches deep and eight feet wide, on roads already graded and not less than 24 feet wide, and when the township has taken advantage of its opportunity the county is compelled to appropriate a similar amount for the same enterprise. Were all the towns in the county to join in this move it would mean a big item in the tax of the county, but the likelihood is remote. The amendment passed last year provides that the county board shall appoint two of its members to work with the township authorities in the expenditure of the money appropriated. They are to assist in letting contracts, drawing up specifications, inspecting and accepting the work.

Beloit Highway Not Specified
John R. Jones, D. Simpson, and D. Behling, supervisors of the township of Beloit, asked for a \$600 appropriation, that sum having been set aside by the township officials for the improvement of highways to be designated by them. They ask that two of the county board members be designated to act with the town board of supervisors in letting the contract.

SPRING BROOK
The Spring Brook Fire Department had two runs to the city yesterday and as the weather was exceedingly warm it was rather hard on the horses. It happened that when the first fire was in the fire inspector was in the Hough Porch Shade Factory and on hearing the bell he drew out his watch and found that it took the boys sixteen seconds to get out of the barn. With such a department the people in this suburb need have no fear of big fires.

There are lots of big fish being caught in the river near Spring Brook and the fishing as a whole is very good. Several large black bass, pickerel and pike have been caught and silver bass seem to be plentiful.

The South Janesville Whirlwinds defeated the Blackhaws in an interesting game, Sunday forenoon at ten o'clock on the South Janesville grounds. The game was played in the remarkably fast time of one hour and thirty minutes and the score at the end stood 11 to 6. The line-up of the two teams was as follows:

Whirlwinds.....Blackhaws.
G. Graves.....C.....Gregory
H. Howard.....P.....Butters
F. Ritter.....SS.....Miller
L. Cronin.....1B.....Holt
C. Cronin.....2B.....Blisk
G. Kelley.....3B.....Forest
C. Howard.....LF.....Griffiths
W. Vinney.....OF.....Porter
L. Vinney.....RF.....Lee

Manager Jas. Cronin of the Whirlwinds is seeking games with any other teams in the city.

Vast improvement has been made in the yard of the Jackson School this year. Mr. Vinney has set out several new vines and bushes that will greatly improve the looks of the lawn and the school has a good chance to win the banner offered for the best looking yard by the School Board.

Mrs. M. C. Olin spent Sunday with her daughter, Mrs. Kuehn, near Atton.

John Kelly is going to work for the street railway again Monday.

Mrs. Peterson, who resides on McKee Boulevard, is quite ill with Pneumonia.

F. O. Samuels was in Beloit on Monday afternoon on business.

George Vinney, Sr., was up to Indian Ford fishing Saturday and returned with quite a large string of fish.

The young son of Dan O'Connell, who has been sick with Pneumonia, is fast improving.

Childs-Corning Wedding.
Washington, D. C., May 17.—Official society turned out in force this afternoon at the wedding of Miss Edith Harlan Childs, granddaughter of Justice and Mrs. Harlan, and Mr. Erastus Corning, Jr., of Albany. The ceremony was performed at the New York Avenue church and was followed by a large reception at the Harlan home on Euclid Place.

Arkansas Veterans Gather.
Fort Smith, Ark., May 17.—Fort Smith gave a hearty welcome today to the grand army veterans of Arkansas, whose twenty-fourth annual encampment opened under most favorable auspices. The proceedings began this morning with a meeting of the council of administration at the Hotel Main. The encampment will continue two days.

BAILEY ANSWERED TODAY, BY RAYMOND

(Continued from Page 1.)

E. Chandler, formerly a senator from New Hampshire, now the president of the Spanish claims commission. He is the personal friend of Senator Tillman. He was the intermediary between Tillman and the President. Whichever of the two originated the negotiations, Chandler certainly conducted them. It was his evidence which has twice been cited by Mr. Tillman on the floor of the senate, and it is Chandler who in effect has given the lie direct to the President.

"In the dispatch sent by me on Monday to the Tribune, which aroused such a tempest in the senate this afternoon and which provoked Senator Bailey to declare it to be a malicious lie and to insinuate it was directly inspired by the President himself, I stated facts on the authority of Chandler himself. It was he who conveyed to the White House the information that Bailey was a traitor, and if the Texas senator has any one to blame it must be Tillman's friend, William E. Chandler.

"In the outset of the negotiations he was conducting Chandler prepared and left at the White House a written memorandum for the benefit of the President. I have not the text of that memorandum before me, but quoting from memory, it says: 'The railroad senators want the Bailey amendment, but Tillman is for the President's court review amendment and will block their game.'

"This is nearly a literal quotation, but no one could have the text probably without the permission of the President.

"The dispatch I sent to the Tribune was telegraphed on my own authority and without the knowledge or consent of the President, against whom Bailey trained his batteries today and not against me. I have not seen the President since the dispatch was written and I have not asked him for the text of this memorandum of William E. Chandler, because the text could at best add only a few words to the quotation I have given.

"I know I am correct in the statement that during the course of the negotiations William E. Chandler, who since has accused the President of falsehood, made an oral report to either to the President himself or to some one representing him, which was much more specific. During this talk Chandler, in explaining the difficulties in securing united action by the democrats, stated in so many words that he and Tillman were suspicious of Bailey, believing he was in an alliance with Aldrich and associating with the Standard Oil and railroad crowd in the senate, but that Tillman was watching his maneuvers and expected to be able to prevent any evil effects.

"These were the suspicions to which I alluded in the previous dispatch as having constantly existed, and as having influenced the administration beyond all doubt in dropping the negotiations with Tillman, through Chandler, and renewing the efforts to unite the republicans on a reasonable basis of compromise."

ELECTRICITY FOR POWER
SUBJECT OF COTTON MEN
Convention of American Manufacturers' Association at Asheville, N. C., Continued.
(SPECIAL TO THE GAZETTE.)
Asheville, N. C., May 17.—The convention of the American Cotton Manufacturers' association was continued today. The forenoon session opened with an address by S. W. Cramer, of Charlotte, N. C., on the subject of the recent development in air conditioning. Other speakers and their topics were as follows: "Electricity: The Power Behind the South," W. E. Lee, Jr., Charlotte, N. C.; "Efficiency of Electric Drive in Cotton Mills," Frank B. Perry, Boston; "Immigration and Its Relation to Labor," Richards, land and industrial agent of the Southern Railway; "Cultivation of Cotton in Lower Egypt," S. H. Carver, Alexandria, Egypt. The convention took an early adjournment this afternoon after electing officers and concluding unfinished business.

SPARKS FROM THE WIRES.

Mrs. Peter Ofsdahl, aged 70, was found hanging in a machinery shed on her farm near Galesville, Wis. The 12-year-old son of Joseph Marchant of Galesville, Wis., shot and fatally wounded his 6-year-old sister while playing with a rifle.

Six safe-blowers arrested at Marshalltown, Iowa, a few weeks ago broke jail and escaped by prying away bricks in a second-story window. The supreme council of the Royal Arcanum in the United States convened at Old Point Comfort, Va., and will be in session for eight days.

While Otto Eppler, a baker, was operating his dough-mixer at Hamilton, O., his hands were caught and he was drawn into the machine. His neck was broken.

The Highland Buggy company of Cincinnati, which was the successor of Anderson & Harris, made an assignment for the purpose of liquidation. The assets are placed at \$110,000 and liabilities at \$90,000.

John F. Stevens, chief engineer of the Panama canal, sails from Colon for New York today.

Baron Sternburg, the German ambassador, and the Baroness Sternburg gave a dinner at Washington in honor of the new Japanese ambassador, Viscount Aoki, and the Viscountess Aoki.

General George B. Davis, judge advocate general of the army, will embark on the Slavonia from New York on May 22 for Naples. He is one of the delegates of the United States to the Red Cross convention at Geneva.

University is here to engage in a contest tonight with representatives from Georgetown university. The visitors will uphold the affirmative of the question: "Resolved, That labor and capital be compelled to settle their disputes through legally constituted boards of arbitration."

KING ALFONSO 20; PREPARING TO WED

(Continued from page 1.)

Oceanic continent, Archduke of Austria, Duke of Burgundy, Brabant, and Milan, Count of Hapsburg, Flanders, Tyrol, and Barcelona, Lord of Biscay and Molina, etc., etc., etc.

Word has been received that practically all the courts of Europe will be represented. The many representatives of European royalty will be accompanied to Madrid by large suites, whose brilliant uniforms will add to the splendor of the occasion. Most of the delegations will be lodged in the magnificent royal palace. This structure is a huge pile of granite and marble situated on a slight eminence to the north of the capital, overlooking, on one hand the city and on the other the valley of Manzanares. It was built in the seventeenth century, and contains hundreds of rooms, saloons, picture galleries and sufficient art treasures to stock a museum.

Madrid is preparing to give itself over to joyous festivity for a full week. The city will be transformed into a gigantic garden of flowers. Roses and pinks will be brought by hundreds of wagonloads from Seville, Valencia, Malaga and Murcia. Banquets will follow banquet and ceremony follow ceremony. Grand processions in character will be organized by the students and women cigarmakers, and the charming national dances will be performed by peasants from the provinces. Streams of white and red wine will flow from the fountains of Madrid in lieu of water on the wedding day. One of the most popular celebrations will be a monster bull-fight, conducted with all the magnificence and panoply of the ancients.

Apart from the pageants and spectacles immediately connected with the wedding, the young king's guests will find many entertainments, and excursions prepared for them. There will be excursions under royal auspices to the various outlying palaces with which the house of Bourbon has ever been so plentifully endowed. One of these is the beautiful palace of Aranjuez, about forty miles to the south of the capital. The palace is built on the banks of the Tagus and is surrounded by a magnificent forest, in which shooting excursions will be arranged for the benefit and edification of the royal visitors. Similar visits will be paid to another of the royal palaces at El Pardo, which is only seven miles from Madrid.

A small army of workmen is now engaged in making renovations and alterations in the royal palace in anticipation of the coming of the king's bride. The palace and grounds will be transformed into a veritable fairyland for the reception of the queen-to-be.

CANDY ON A HUSBAND.

Winner of Prize For Darning Den-
tist's Socks Chose the Bonbons.
With Dr. J. L. Bridgford of Macon, Mo., and a five pound box of candy to choose between as her prize for artistically darning the doctor's socks, Miss Leah Wright chose the candy, leaving the philanthropic dentist to be won by some one else, says a Macon dispatch.

At a recent meeting of the Busy Bee Thimble club Dr. Bridgford announced that he would give himself or a box of candy as a prize to the young lady who would most artistically lynch the punctures in his pedal accoutrements. The socks were distributed and work began.

Four judges passed upon the work when finished, and all interest centered in the prize winner. The young women gathered in their clubroom to hear the decision of the judges. In a dignified manner the judges announced that Miss Wright, secretary of the club, was entitled to the prize, and there was a mighty roar of applause. Dr. Bridgford was present and blushing stepped forward to be scrutinized by the young woman, who, according to his own offer, had it in her power to make him her husband on the spot.

While breathless silence reigned Miss Wright first looked at the doctor and then took a long gaze into the interior of the five pound candy box and finally said:

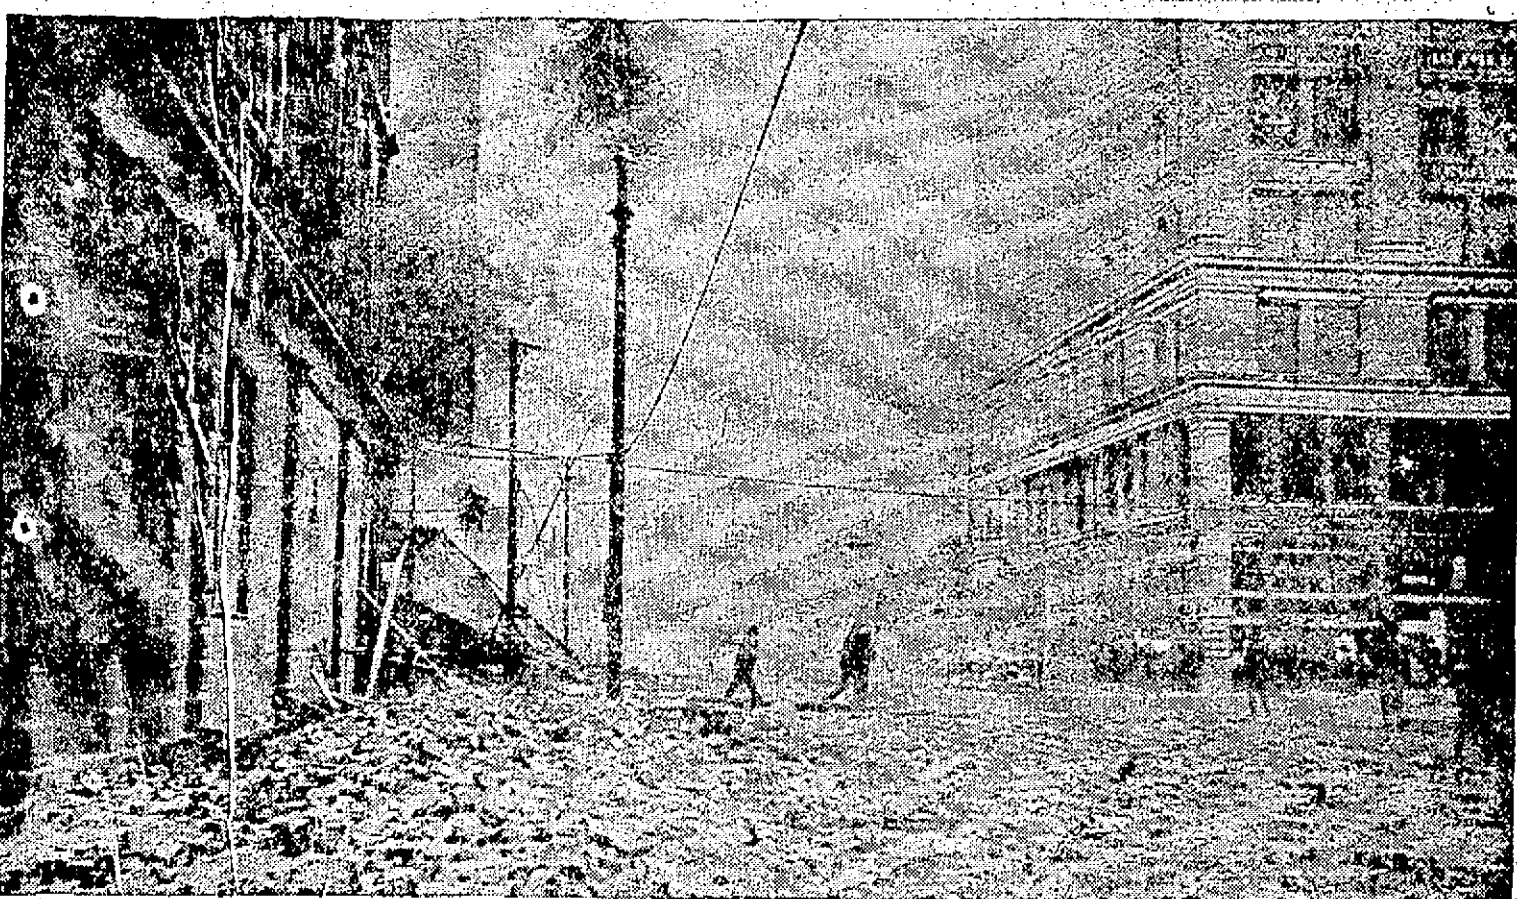

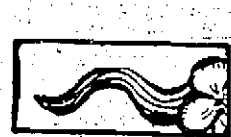

"I guess I'll take the bonbons." Laughter greeted her selection, and in the confusion which followed the box of bonbons was freely passed. Dr. Bridgford himself partaking of the sweets which stood between him and marital felicity.

Highest Water Tower For Elvex.
When the Long building in Kansas City, Mo., is finished it will be the highest fire department water tower in the world, says the Chicago Tribune. An order was placed for the construction of a six inch steel water pipe from the ground to the roof, so arranged that four lines of fire hose may be attached at the roof nozzles, and steamers can assist the city water department pumps by tapping the pipe at the street connection. With firemen able to stand on top of the fourteen story building and throw four great streams of water it is estimated the insurance risks in the immediate neighborhood will drop materially. Insurance men have been calling for these roof standpipes for years, but the Long building is the first to adopt the suggestion.

Vesuvius Aches Golet Souvenirs.
Not beautiful—distinctly ugly, in fact—but far more interesting than any souvenirs sent from Europe in recent years are some that Mrs. Robert Golet is forwarding to friends at home, says the New York Press. In crystal boxes are packed—what do you think?—ashes and cinders from Vesuvius—"mounds." These ashes, which Mrs. Golet thinks are well worth preservation, fell upon the deck of the Nabua and were gathered into receptacles at Mrs. Golet's direction. "The rule of ashes and small cinders that fell on the bay covered the yacht and all who were aboard," writes Mrs. Golet.

TEACHERS' SCHOOL DATES ANNOUNCED

Janesville Institute Will Be Held In July, Commencing The Ninth Day Of The Month.

Announcement of the places and dates of holding teachers' institutes throughout the state has been received here. The one to be conducted in this city for Rock county, both first and second district, is to commence July 9 and last two weeks. V. E. McCasill, superintendent of schools at Superior, is to be in charge and among his assistants are F. E. Converse, superintendent in Beloit; J. J. Stauff of Sharon, and H. C. Buell of this city. Mr. Buell, besides being here, will conduct two institutes this summer. He is to have one, during the week beginning August 10, at West Bend, in Washington county, and another, during the two weeks of July 23 at Neilsville, in Clark county. Mr. Converse, of Beloit, will conduct the Walworth county institute at Elkhorn.

Americans Will Speak.
Toronto, Ont., May 17.—The first annual meeting of the Master Printers' Guild of Ontario began in Toronto today with a good attendance. At a complimentary banquet tonight the members are to be addressed by E. St. Elmo Lewis, of Philadelphia, and Edward A. Kendrick, of Buffalo.

SPIRIT OF CONTENTMENT.
Keep in the sunlight; nothing beautiful or sweet grows or ripens in the darkness.

Avoid fear in all its varied forms of expression. It is the greatest enemy of the human race.

Avoid excesses of all kinds; they are injurious. The long life must be a temperate, regular life.

Don't live to eat, but eat to live. Many of our ills are due to over eating, to eating the wrong things and to irregular eatings.

Don't allow yourself to think on your birthday that you are a year older and so much nearer the end.

Never look on the dark side; take sunny views of everything; a sunny thought drives away the shadows.

Be a child; live simply and naturally and keep clear of entangling alliances and complications of all kinds.

Cultivate the spirit of contentment; all discontent and dissatisfaction bring age hurries prematurely on the face.

Form a habit of throwing off before going to bed at night all the care and anxieties of the day—everything which can possibly cause mental wear and tear or deprive you of rest.—Pittsburg Press.

ALL SORTS.
If a man is thin he is subject to a lot of unfeeling comment, and nobody sympathizes with him. We are sorry for the thin man.

Don't say a man is a friend if he does not grant the favor you ask; maybe he has the old-fashioned idea that a true friend is not forever seeking favors.

Try as he may, a fat man cannot look distressed no matter how wrong things are going for him. For this reason the fat man is deprived of a lot of sympathy that is justly his. We are sorry for the fat man.
